

California Environmental Quality Act

California Public Resources Code Division 13 Environmental Quality Chapter 2.6 General

§ 21092.4 Consult with Transportation Planning Agency

- (a) For a project of statewide, regional, or areawide significance, the lead agency shall consult with transportation planning agencies and public agencies which have transportation facilities within their jurisdictions which could be affected by the project. Consultation shall be conducted in the same manner as for responsible agencies pursuant to this division, and shall be for the purpose of the lead agency obtaining information concerning the project's effect on major local arterials, public transit, freeways, highways, and rail transit service within the jurisdiction of a transportation planning agency or a public agency which is consulted by the lead agency. A transportation planning agency or public agency which provides information to the lead agency shall be notified of, and provided with copies of, environmental documents pertaining to the project.

- (b) As used in this section, "transportation facilities" includes major local arterials and public transit within five miles of the project site and freeways, highways, and rail transit service within 10 miles of the project site.
